Hiring Manager

Dear Hiring Manager,

I am writing to express my interest in Talent Acquisition Manager opportunities. With 15+ years of recruiting and staffing experience across manufacturing, supply chain, logistics, healthcare, industrial, skilled trades, and corporate functions, I bring a strategic and hands-on approach to full-cycle talent acquisition, stakeholder partnership, and hiring process improvement.

Throughout my career, I have supported high-volume and specialized recruiting across remote, matrixed, and fast-paced environments. My experience includes intake meetings, role calibration, proactive sourcing, pipeline development, screening, interviewing, offer support, and candidate experience management. I have partnered closely with hiring leaders, HR teams, and clients to align recruiting strategies with business priorities while maintaining a high standard of responsiveness, communication, and professionalism.

In addition to recruiting execution, I bring strong experience with Workday and other ATS, CRM, and HRIS platforms, recruiting analytics, hiring workflow consistency, and market-informed compensation support. I have created standard operating procedures, improved onboarding processes, reduced time-to-fill, and helped strengthen hiring quality through more structured, data-aware recruiting practices. I am especially motivated by opportunities to build scalable recruiting processes, coach hiring partners, and contribute to talent acquisition functions that are focused on continuous improvement.

I would welcome the opportunity to bring my recruiting leadership, sourcing strength, and business partnership skills to an organization seeking a Talent Acquisition Manager who can balance strategic thinking with day-to-day execution. Thank you for your time and consideration. I look forward to the opportunity to discuss how my background can support your hiring goals.

Sincerely,

Moncina T. James
